

top_ESP32_1000mil

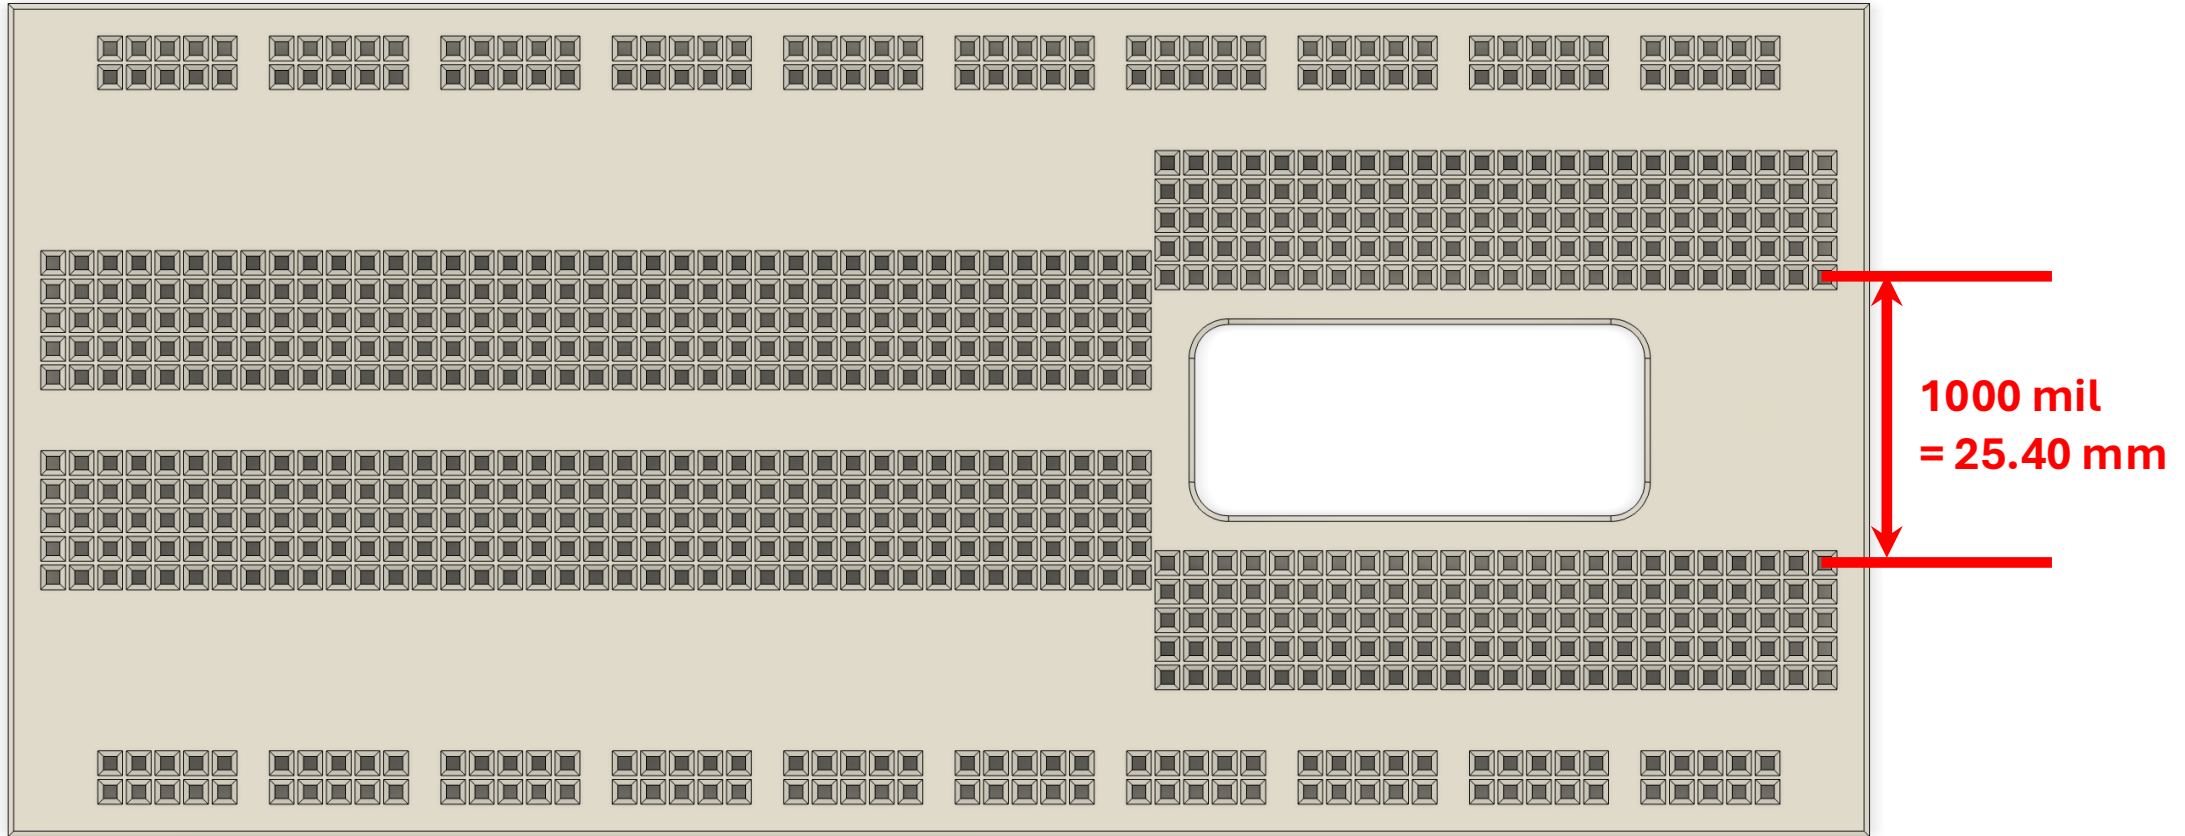

please note: This breadboard fits the standard ESP32 module (width: 25.4 mm = 1000 mil).

top_ESP32_1000mil_flex

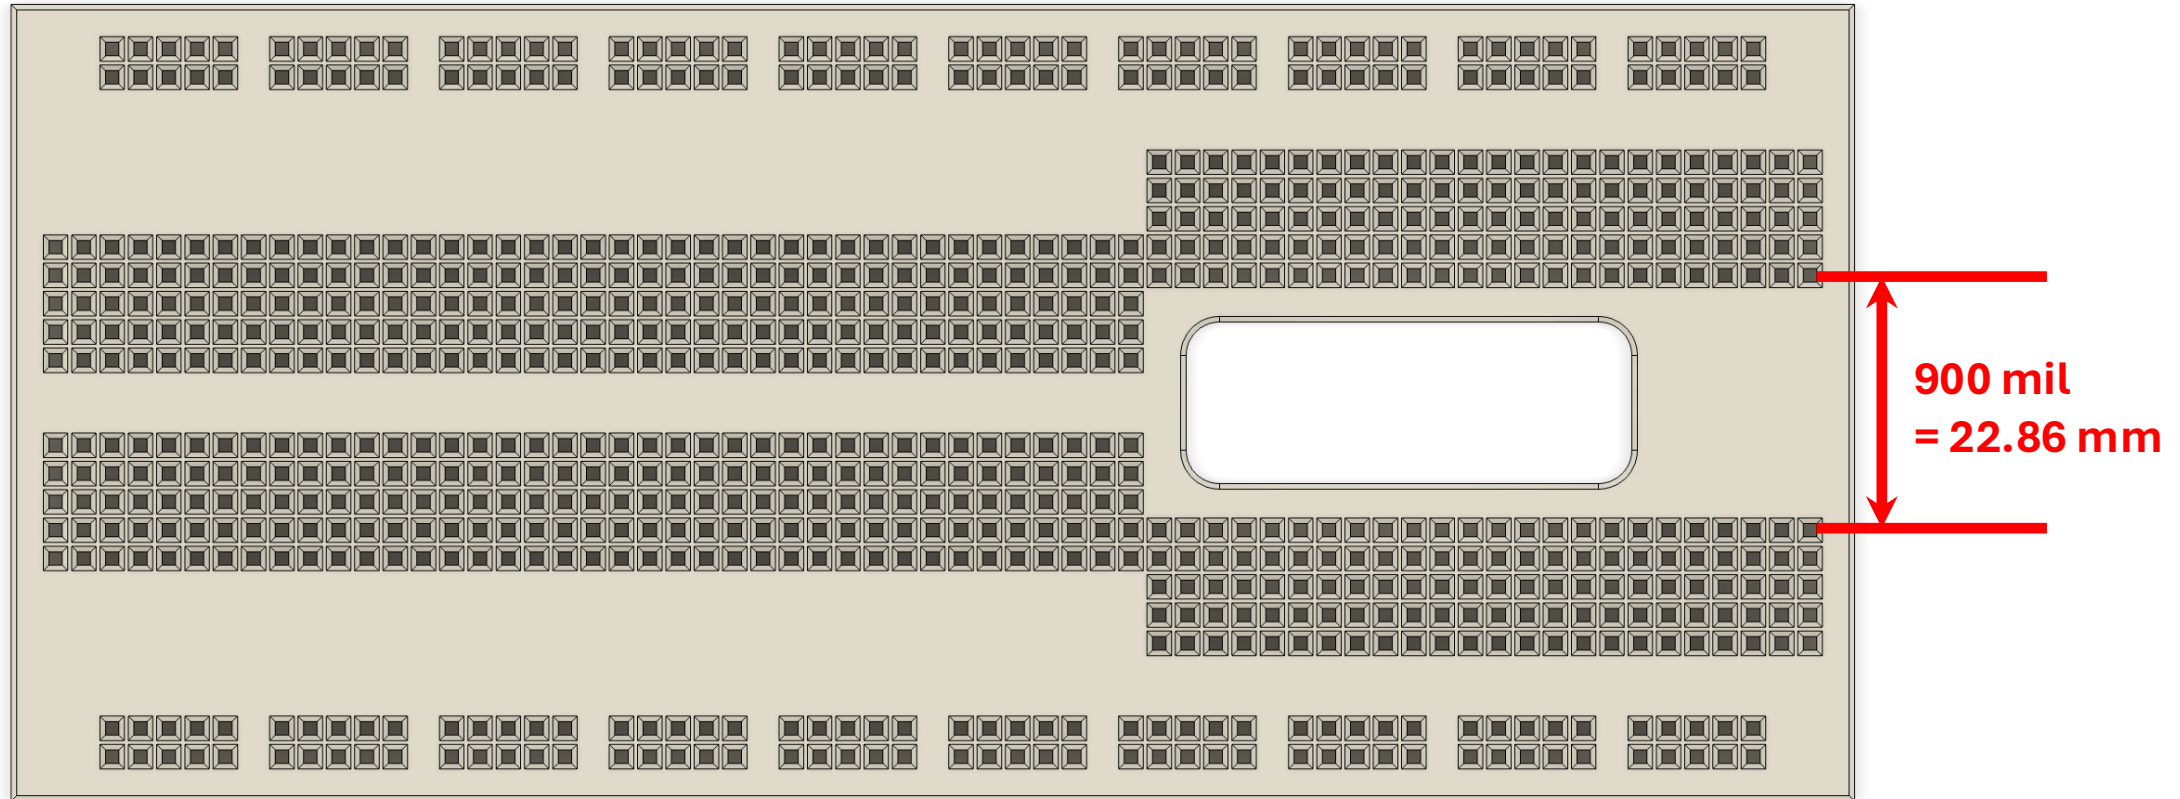

please note: This breadboard fits the standard ESP32 module (width: 25.4 mm = 1000 mil).

top_ESP32_1000mil_flex2

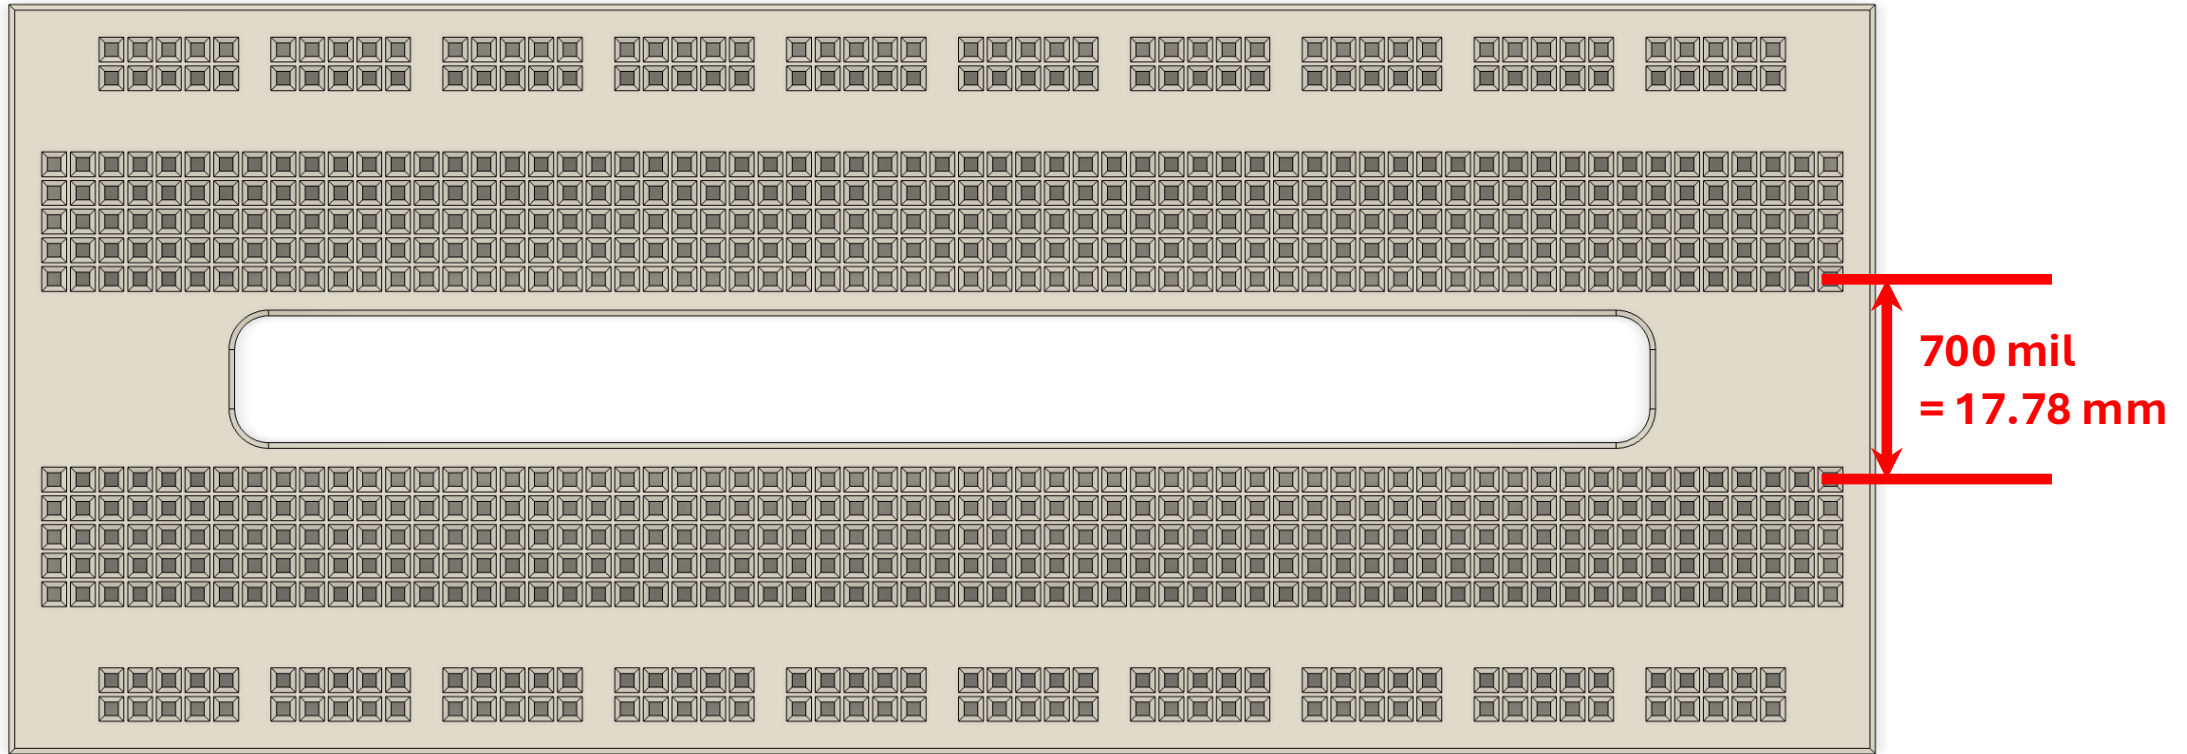

please note: This breadboard fits the standard ESP32 module (width: 25.4 mm = 1000 mil).

top_ESP32_900mil_flex2

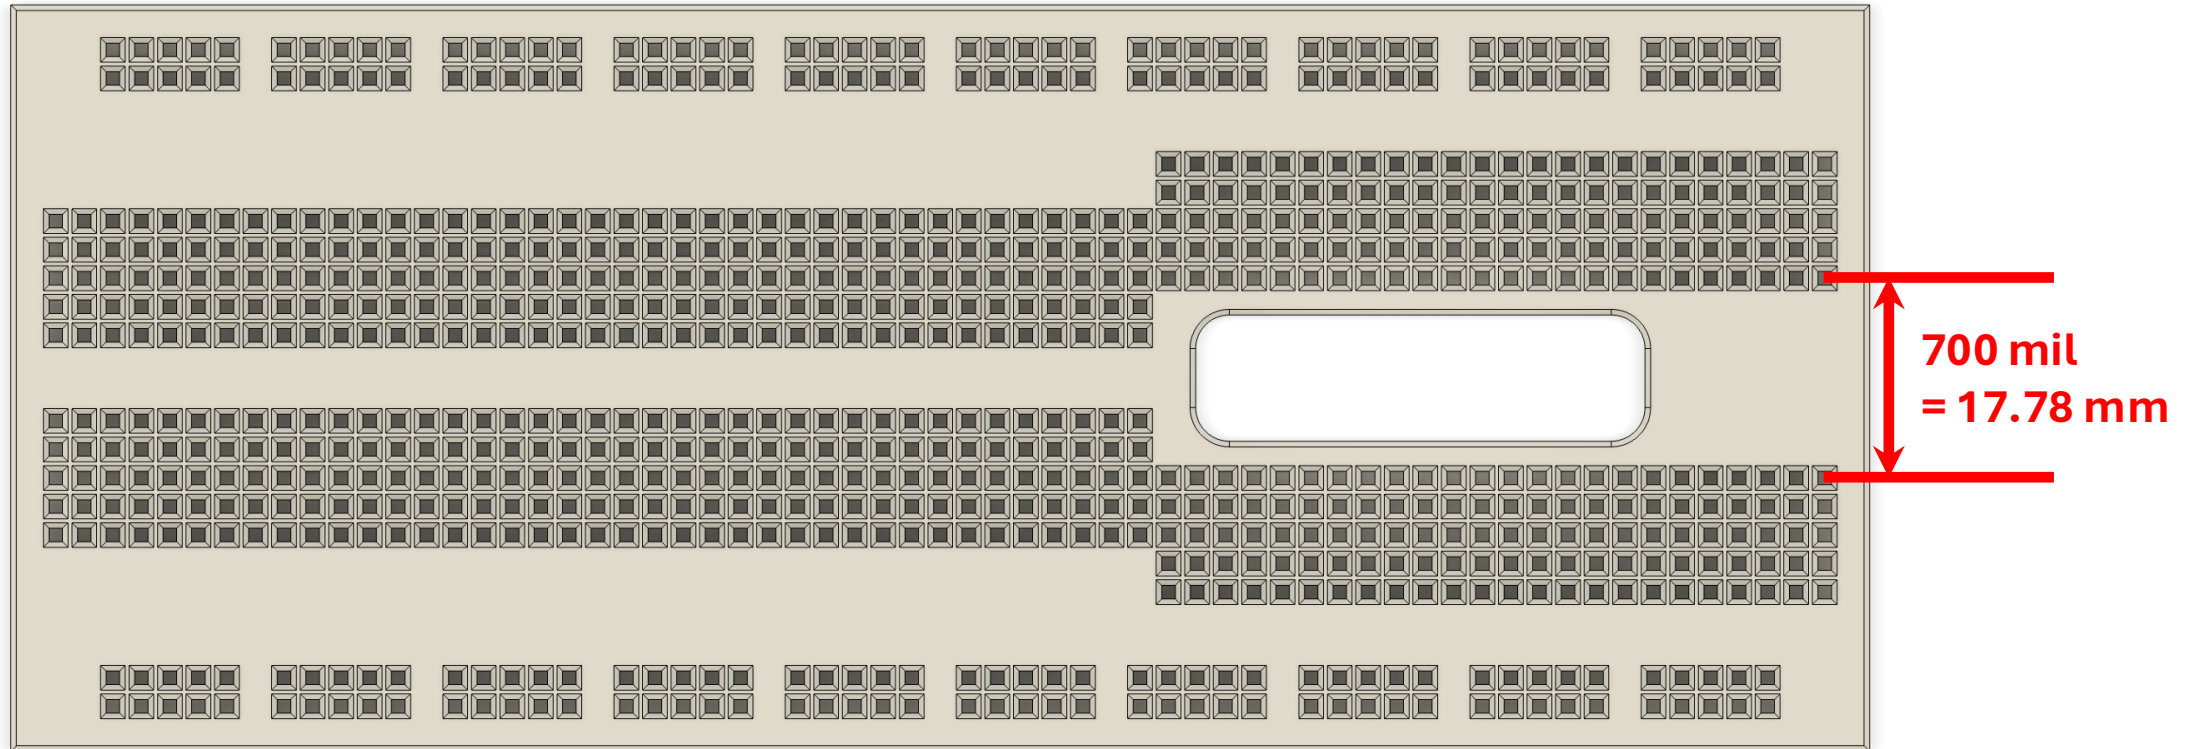

please note: this breadboard fits a narrow version of the ESP32 module. Use the 1000 mil files for standard width

top_RPPico_700mil

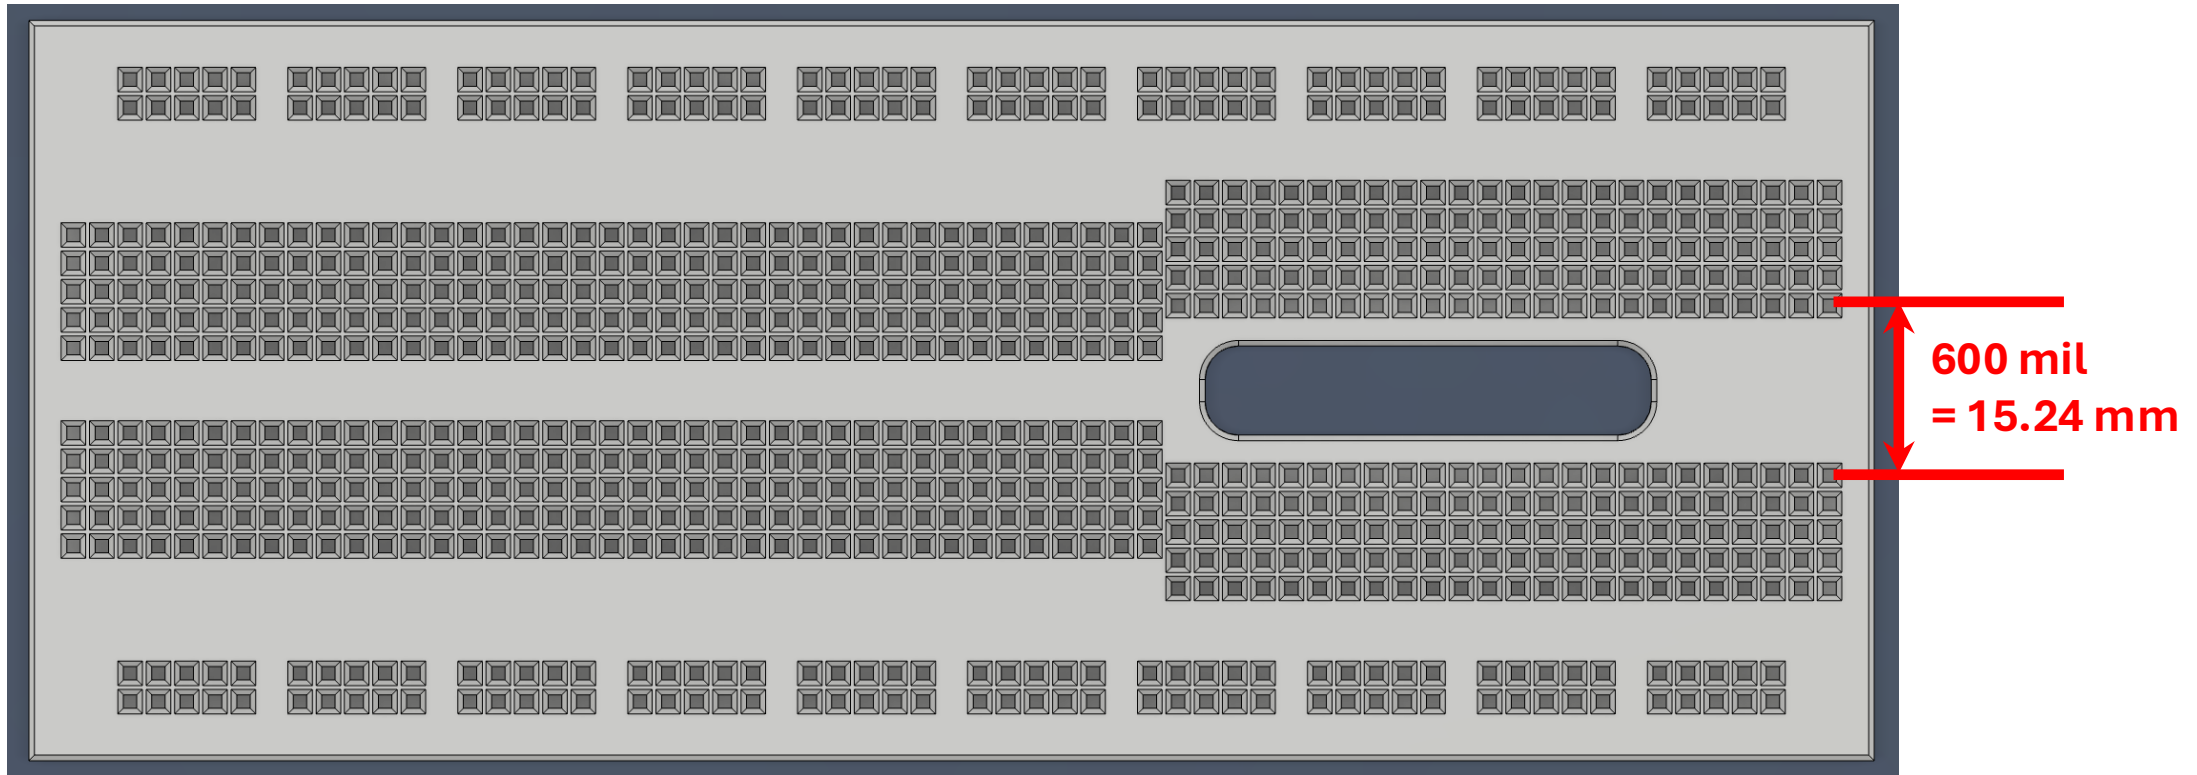

**please note: This breadboard fits the Raspberry Pi pico
(width: 17.78 mm = 700 mil).**

top_rppico_700mil_flex

please note: This breadboard fits the Raspberry Pi pico
(width: 17.78 mm = 700 mil).

top_Arduino_nano_600mil_flex2

please note: This breadboard fits the Arduino nano
(width: 15.24 mm = 600 mil).
